

# TRADITION MEETS POSITION FOR BREAKFAST AT 14 WALL STREET

New York City's top brokers were all on hand for one of several festive breakfasts (June 13th, 14th, 20th and 21st) to reintroduce a time-honored icon of the Financial District: **14 Wall Street**. With its high-profile location across from the New York Stock Exchange and dramatic presence amid the Downtown skyline — due to its world-renowned, crowning pyramid — 14 Wall is a landmark building of unrivaled stature. Now, through the vision of Capstone Equities and The Carlyle Group, major capital improvements are transforming this legendary building into the ultimate modern business environment. Exquisite pre-built suites range from 3,800 rsf to 8,000 rsf. Boasting high-end finishes including rich maple woodwork, elegant carpeting and fully equipped pantries, they are conceived and designed as much for the impression they evoke as for ultimate productivity. A huge block of 80,000 rsf comprising the 2nd and 3rd floors is also available.
